#### HIGH AND COMMON SCHOOLS REPORT

The high school this year is smaller than it has been for some time. This is mostly because of a change in the requirements for entering. For several years the pupils have taken the State examinations as soon as the 8th grade work was completed. This year it was voted to have them take one more year's work before being allowed to take the examinations. The reason for requiring the extra year is this: Standards in high schools have advanced during the past few years. To get in and do satisfactory work, pupils need to be better scholars than ever before. New text-books in arithmetic and physiol-

ogy have been provided for the 9th grade, and they are having a thorough review in all studies. There are 18 pupils in the class preparing for high school, so next year we ought to have a large entering class.

In several schools there has been a marked improvement in the scholarship of the pupils. In all, good work has been done. To teachers who have gone to school early, spent time out of school preparing work for pupils, and stayed after school to help those who needed it, we extend commendation for their earnest efforts to improve the work of their pupils.

The attendance on the whole has been more satisfactory than usual. Still for your children to get the most out of their schooldays, it should be much better. The Lewis school out of an enrollment of 18 in the fall had 12 who were present every day. That is the best record for any one term. The King's Mills has the best for the year, having five who did not miss for the three terms.

In most of the schools the hot lunch during the winter term was successful. The most common dishes served were as follows: Corn and fish chowders; boiled, creamed and mashed potatoes; pea, bean, vegetable and beef soups; mashed turnip and squash; scalloped salmon and potatoes; and cocoa. Several of the schools bought large aluminum kettles and a few other cooking utensils.

A number of the schools have given excellent entertainments during the fall and winter terms. The people who have attended these have been very pleased with the interesting programs. It helps children to get used to taking part before an audience and many of the parents have appreciated the careful training given by the teachers.

More seats are needed for the N. Whitefield school, not enough there to seat the pupils.

All schools except the Plains and Keyes Corner are now provided with connected toilets; 1927 is the limit of the time extension granted by the State. This year we are asking for \$150 to use in connecting one more, so that we will get this work done as required by law.

The Church schoolhouse has been repaired and painted two coats, the Cooper's Mills has had some work done on it, and one coat of paint. The work on the Plains schoolhouse was given by Mr. George Graffam, who very generously offered to paint it one coat, if the town would furnish the paint. At the Fowles, the schoolroom has been papered and painted. Several of the schoolhouses are now a credit to the town. We trust that the appropriation this spring will be sufficient to enable us to continue this work.

The following appropriations are recommended:

Common schools .....	\$ 2,600 00
Text-books and supplies .....	300 00
Transportation of high school pupils .....	100 00
High school and tuition .....	900 00
Repairs .....	350 00
Seats for N. Whitefield school .....	50 00
Connecting toilet .....	150 00

Respectfully submitted,

ALBERT MOODY,  
BERTHA CHANEY,  
JOHN SKEHAN,  
School Committee.

LILA N. LEAVITT,  
Superintendent.

## Town Warrant

---

To Frank C. Jewett, a Constable in the Town of Whitefield, in the County of Lincoln. Greeting:—

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Whitefield qualified by law to vote in town affairs, to meet at the Town House in said town on the first day of March, 1926, at ten o'clock in the forenoon, to act on the following articles, to wit:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose a Clerk.

ART. 3. To hear and act upon the report of the several town officers.

ART. 4. To elect Selectmen, Assessors and Overseers of the Poor.

ART. 5. To elect a Treasurer.

ART. 6. To elect an Auditor.

ART. 7. To elect one or more Road Commissioners.

ART. 8. To elect a Collector of Taxes.

ART. 9. To see what time the taxes of 1926 shall be paid in full.

ART. 10. To elect a member of the School Committee for three years.

ART. 11. To elect one or more Fire Wards.

ART. 12. To choose all other necessary town officers.

ART. 13. To see what sum of money the town will grant and raise for the support of common schools, for free high school, for repairs of school buildings including seats for schoolhouse at No. Whitefield, for text-books and supplies, and for transportation of high school pupils, for the ensuing year.

ART. 14. To see if the town will vote to raise money and what sum for the maintenance of State aid highway during the ensuing year within the limits of the town under the provisions of Section 9 of Chapter 130 of the Public Laws of 1913.

ART. 15. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State aid as provided in Section 19 of Chapter 25 of the Revised Statutes of 1916.

ART. 16. To see if the town will appropriate and raise the sum of \$1,066 for the improvement of the sections of State aid road as outlined in the report of the State Highway Commission (or in some other location) in addition to the amounts regularly raised for the care of ways, highways and bridges. The above amount being the

maximum which the town is allowed to raise under the provisions of Section 18, Chapter 25, of the Revised Statutes together with an equal amount under the provisions of Section 21 of the same chapter.

ART. 17. To see what sum of money the town will grant and raise for the support of the poor, for repairs of roads and bridges, for snow bills, for patrolman, for fire ward, for interest, for incidental expenses and for salary of Superintendent of Schools for the ensuing year.

ART. 18. To see what sum of money the town will raise to decorate the graves of soldiers buried in town and how the same shall be expended.

ART. 19. To see if the town will vote to authorize the Selectmen to hire money for the use of the town, should the same become necessary.

ART. 20. To see if the town will vote the wages to be paid men and teams on the highway and the salaries of the several town officers.

ART. 21. To see what sum of money the town will grant and raise for the payment or part payment of the Cooper's Mills bridge debt.

ART. 22. To see if the town will vote to buy one or more road machines and what sum of money they will grant and raise for the same.

ART. 23. To see what sum the town will vote to raise and appropriate for advertising our natural resources, advantages and attractions under the provisions of Chap-

ter 4, Section 59, of the Revised Statutes of Maine, the same to be expended by the Maine Development Association.

ART. 24. To see if the town will vote to abate the tax of the W., W. and F. R'y in town in whole or in part.

ART. 25. To see what sum of money the town will grant and raise to be expended on the Howe road, so-called, and on the road leading northerly from Newell Avery's corner to Jefferson line.

ART. 26. To see if the town will vote to instruct the Selectmen to let by contract the building of the State aid and third class roads.

ART. 27. To see what action the town will take in regard to moving the Keyes' corner schoolhouse.

ART. 28. To see if the town will vote to purchase a safe for the town records and what sum of money they will grant and raise for the same.

ART. 29. To see what action the town will take in regard to withdrawing from the union of towns in which it is now classed and joining another union of towns.

The Selectmen will be in session at the Town House in said town at nine o'clock in the forenoon on the day of said meeting for the purpose of correcting the list of voters in said town.

Hereof fail not and have you there and then this warrant with your doings thereon.

Given under our hands in the Town of Whitefield, this  
fourteenth day of February, A. D. 1926.

LORE H. FORD,  
JAMES A. MALLOY,  
LEONARD F. COOPER,  
Selectmen of Whitefield.

### HIGH AND COMMON SCHOOLS REPORT

In the high school the sophomore class is small, but the freshman class is the largest for several years. The results of the year in the ninth grade are apparent now in the improved scholarship of the entering class.

The principal is trying to rank the pupils according to the standards of marking systems in larger high schools, so that when they go away for their third and fourth years, the ranks received will in most cases not vary greatly.

This last spring the state examinations for high school entrance were the hardest we have ever had. Still as a whole the pupils received very good rank and some had excellent.

The principal has tried to make the work interesting, better the attendance, and by means of the honor roll and other devices, encourage the pupils to work harder in their studies.

The attendance in the grades, for last spring term, was the best for some time. The North Whitefield School had 18 pupils not absent for the term, Cooper's Mills 13, Carleton 11, Lewis 10, and King's Mills 9. All the schools had several who did not miss a day. The Lewis School, with 16 the highest registration for any one term, had 10 not absent for spring and fall, and 7 who did not miss for the three terms.

Whenever we have given tests in spelling or pupils have taken the state examination in that, very few good papers have been secured. That subject seemed to be our weakest spot. We are now trying to improve in this

by the following method: All pupils in school have a stated number of new words each day, the number given depending on the grade, and at the same time a review of the three previous lessons. That makes a four-time study and recitation of each lesson given. We began using this method about the middle of the fall term, so it has been in use about 14 weeks. All of the schools show some improvement, several are getting good results, and at least three have a very excellent showing for the short time this has been tried. Even the slowest pupil will become better in spelling, if this plan is faithfully carried out.

About the middle of the fall term a teachers' meeting was held at King's Mills. All the teachers were present and helped to make it a successful one.

Most of the teachers have been interested in their schools and worked to advance their pupils as fast as they could. Burlap has been put up in all of the school rooms for the exhibition of the daily work, and all have been interested in making the rooms more attractive. The health posters have been particularly good this year and should help to fix the rules of health.

We call to your attention that the sanitary toilets are not completed and the state extension of time expires this year. The Plains School and the Keyes Corner are still without these toilets that are required by law.

Often some of your best teachers will not stay for another year because they feel that the parents are not satisfied. If you can see that your children are doing well and you would like to have a teacher return, it will help if parents will in some way express their appreciation.

Last spring we tried to get a little more money for our schools. We failed to increase the appropriation by about

20 votes. Quite a number who have no children voted for this and helped all they could. Parents, why not make a special effort to go to Town Meeting this year? You can get what you need and should have for the support of your schools if you will only attend. For a long time there has been a deficit in the Common Schools account of over \$700. Last year the High School account was overdrawn \$208 and this year there is so much tuition for third and fourth year pupils and no increased appropriation, so that it will be more.

The following appropriations are recommended:

Common schools .....	\$ 2,600 00
Text books and supplies .....	300 00
Transportation of high school pupils .....	100 00
High school and tuition .....	1,000 00
Repairs and insurance .....	400 00
Toward deficit in school accounts .....	500 00

Respectfully submitted,

BERTHA M. CHANEY,  
JOHN B. SKEHAN,  
ALBERT L. MOODY,  
School Committee.

LILA N. LEAVITT,  
Superintendent.

## Town Warrant

---

To Frank C. Jewett, a constable in the Town of Whitefield in the County of Lincoln.

Greetings:—

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Whitefield, qualified by law to vote in town affairs, to meet at the Town House in said town on the seventh day of March, 1927, at ten o'clock in the forenoon, to act on the following articles, to wit:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose a Clerk.

ART. 3. To hear and act upon the report of the several town officers.

ART. 4. To elect Selectmen, Assessors and Overseers of the Poor.

ART. 5. To elect a Treasurer.

ART. 6. To elect an Auditor.

ART. 7. To elect one or more Road Commissioners.

ART. 8. To elect a Collector of Taxes.

ART. 9. To see what time the taxes of 1927 shall be paid in full.

ART. 10. To elect a member of the School Committee for three years.

ART. 11. To elect one or more Fire Wards.

ART. 12. To choose all other necessary town officers.

ART. 13. To see what sum of money the town will grant and raise for the support of common schools, for free high school, for repairs of school buildings, for text books and supplies, and for transportation of high school pupils for the ensuing year.

ART. 14. To see if the town will vote to raise money and what sum for the maintenance of State aid highway during the ensuing year within the limits of the town under the provisions of Section 9 of Chapter 130 of the Public Laws of 1913.

ART. 15. To see if the town will vote yes or no on the question of appropriating and raising money necessary to entitle the town to State aid as provided in Section 19, Chapter 25 of the Revised Statutes of 1916.

ART. 16. To see if the town will appropriate and raise the sum of \$1,066 for the improvement of sections of State aid road as outlined in the report of the State Highway Commission in addition to the amounts regularly raised for the care of ways, highways and bridges. The above amount being the maximum which the town is allowed to raise under the provisions of Section 18, Chapter 25, of the Revised Statutes. Together with an equal amount under the provisions of Section 21, of the same chapter.

ART. 17. To see what sum of money the town will grant and raise for the support of the poor, for repairs of roads and bridges, for snow bills, for patrolman, for fire ward, for interest, for incidental expenses and for salary of superintendent of schools for the ensuing year.

ART. 18. To see what sum of money the town will raise to decorate the graves of soldiers buried in town.

ART. 19. To see if the town will vote to authorize the Selectmen to hire money for the use of the town should the same become necessary.

ART. 20. To see if the town will vote the wages of men and teams on the highway and the salaries of the several town officers.

ART. 21. To see what sum of money the town will grant and raise for payment on the town debt.

ART. 22. To see if the town will vote to buy one or more road machines and what sum of money they will grant and raise for the same.

ART. 23. To see what sum of money the town will grant and raise to be expended on the road leading from the Catholic church to Chelsea line if the State appropriates money for said road or if the State does not appropriate money for said road.

ART. 24. To see if the town will vote to authorize the school committee to open the Fowles school should the same become necessary.

ART. 25. To hear and act upon the report of the

school committee in regard to moving the Keyes Corner Schoolhouse.

ART. 26. To see if the town will vote to cooperate with the State and Federal government in controlling the White Pine Blister Rust and raise a sum of money for the purpose.

ART. 27. To see what action the town will take in regard to withdrawing from the union of towns in which it is now classed and joining another union of towns.

ART. 28. To see if the town will vote to authorize the Selectmen to sell the tax deeds in the hands of Treasurer.

ART. 29. To see if the town will grant and raise \$500 to build the Harriman bridge if the State appropriates money to build the road.

The Selectmen will be in session at the Town House in said town at nine o'clock in the forenoon on the day of said meeting for the purpose of correcting the list of voters in said town.

Hereof fail not and have you there and then this warrant with your doings thereon.

Given under our hands in the Town of Whitefield, this fourteenth day of February, A. D. 1927.

LORE H. FORD,  
LEONARD F. COOPER,  
JOHN F. BURNS,  
Selectmen of Whitefield.

## HIGH *and* COMMON SCHOOLS REPORT

There are twenty pupils in the high school this year. Two are tuition pupils, the others are from this town.

With the help of Mr. Josiah Taylor, Agent for Secondary Education, the Course of Study has been revised. In some subjects classes have been combined, first and second year taking the work together. If the two classes take Civics this year and General History next it makes the work more interesting and profitable to all, and at the same time the usual amount of work is accomplished. The time saved this

way has been used for the study of French. The conversational method is used and the pupils even before they received their textbooks had a good start in talking in that language.

Many in this town have seen the first issue of the school paper, "The Whitefield Arbutus." The planning of the paper, the material to use in it, the soliciting of advertisements to pay for the cost of printing and the general work of getting it ready for the printer; all gave the pupils valuable training. We think the paper is a credit to the school.

Mr. C. Philip Gonyar, the principal of the high school, began teaching here the fall of 1926. He has proved to be loyal, well-qualified and efficient.

The teacher and pupils have been very active in improving the appearance of their schoolroom. Money has been earned by giving plays and in other ways. Without cost to the town the following improvements are noted: new wall paper, white curtains, a large clock, an oak teacher's desk, a bookcase with glass doors, two chairs and a new door for the room.

We are now obliged to pay \$100 for high school tuition if a pupil attends a school where that or more is the tuition. Before this year the maximum has been \$60. At the present time we have five attending where the tuition is \$100 or more, and one where it is \$90. It will certainly cost this town \$200 to \$300 for the extra tuition for next year. Please bear this in mind when voting for the high school and tuition appropriation.

In the grade schools most of the teachers have shown an excellent spirit of cooperation. This is very essential for none of us can do everything alone and achieve as good results as we can by team work. This ready response, even under trying conditions, has been a help to your schools and to the superintendent.

The Fowles school was closed at the end of the spring term. The two pupils there have been transported to the King's Mills school.

The teachers have all been interested to attend the State and County Teachers' Meetings. All attended the Lincoln County and all except one the M. T. A.

You all remember the vote to buy the second-hand seats for the schools. We were very fortunate in getting four different sizes and nearly enough rear seats. We put these into the high school and six grade schools. We have enough left for the "Plains" school. These single seats improve the appearance of the schoolrooms, makes discipline easier and are more comfortable for the pupils. Buying in this way is quite a saving to the town. To buy the same kind new would cost the town over \$1200. The total cost of seats, transporting and putting down in the seven schoolrooms was less than \$400. All agree these are substantial more so than the new ones we bought for North Whitefield.

The grade teachers and the school children have been working hard to get money to supply needs in their schoolrooms. The King's Mill and Carleton have purchased new teacher's desks, two other schools have earned enough to get sets of maps before the spring term opens and some others have money on hand and plan to get things soon.

We are glad so many of our young people are finishing their high school work and going to college and normal school. Someway in the past this town has ranked low in this respect but with several college and normal graduates and more in school at this time we soon ought to have fair rank.

Among those teaching for the first time, are several who are showing good ability and are doing well for their first year. If they keep on trying to improve, as we feel sure they will, they ought to become very excellent teachers. We wish to express our appreciation to those who for more than one year have worked hard and accomplished from good to excellent results.

We wish to thank all who helped us get a little more to supply the needs of our schools.

The following appropriations are recommended:

Common schools	\$2600 00
Textbooks and supplies	325 00
Transportation of high school pupils	100 00

High school and tuition	1200 00
Repairs and insurance	400 00

Respectfully submitted.

## HIGH AND COMMON SCHOOLS REPORT

The revised Course of Study has proved a great help to the high school. This year all are taking General History. Taking this subject together gives one more period and General Mathematics is given as an Elective Course. Many are taking this and finding it profitable.

The entering class of 1928, taught by C. Gonyar, proved to have an excellent foundation for their second year's work. Mr. M. Studley, the present principal, has ably carried on the work and given the 1929 entering class a good start.

The high school room had very poor boards. The school bought new ones that are proving satisfactory and ought to last for many years.

Nearly all the grade schools have shown good improvement the past year. The teachers have been interested and progressive.

Some new readers for first grade have been purchased and used after finishing "Story Steps." These books have many short sentences and the pupils are improving faster in their reading. Progressive Book One is used for the third book and after reading the new one this is very easily accomplished.

The good work of earning funds for school improvement is being kept up. At King's Mills a case of excellent maps has been bought and large cupboards have been built. At the Lewis School a good reference book was bought last fall. The N. Whitefield School has funds for a desk for the teacher. The only schools having the maps a school should have are the N. Whitefield, the Cooper's Mills and the King's Mills. The cost of a satisfactory case of maps is \$22.50 and the express. It is very hard for a teacher to do excellent work in geography without these or similar maps. We hope you will do all you can toward helping your school to get this needed equipment before another year is past.

At last Town Meeting your Superintendent was very pleased to find so many interested in the subject of having more weeks in the grade school year. The general inquiry was, "Why can't we have more than 30 weeks?" On being told that we do not appropriate enough money for more than that: many asked, "How much per week will it cost us to lengthen the school year?" The answer to that is as follows: It will cost the town about \$150 per week for teachers, transportation, wood, etc. The amount recommended for common schools is for 30 weeks. If you wish to increase your grade school year add \$150 for each week desired. Most towns have found it quite easy to get enough for two additional weeks the first year. Thus \$300 added to \$2600 will give you a school year of 32 weeks. This amount will not burden any of us and will give every child in town 2 weeks more of school.

We need a little more for schoolbooks and supplies. The high and common schools both have only this fund for all books and paper. Last year for books alone the high school had over \$60, and this year over \$50. You will note this account is overdrawn now. Still we have bought only what we had to have and have really gone without some books and supplies that would have been an advantage to the pupils. We are glad to know that many in town are beginning to see the needs of their schools and are ready to help. Cooperation is the keynote of success.

The following appropriations are recommended:

Common schools	\$2600 00
Textbooks and supplies	350 00
Transportation of high school pupils	100 00
High school and tuition	1300 00
Repairs and insurance	400 00

### HIGH AND COMMON SCHOOLS REPORT

We are now paying third and fourth year tuition for 17 pupils, who are attending as follows: Eight at Cony, 5 at Gardiner, 2 at Wiscasset academy, 1 at Coburn Classical Institute and 1 at Maine Wesleyan Seminary. The total cost at present tuition rates is \$1,525. We are very glad so many of our students are getting a high school education but we wish to call to your attention the increased cost of tuition so you will be liberal in appropriating money for this purpose. The salary of the high school principal, the janitor work and the wood used for high school costs us about \$950 per year. We have had from 18 to 23 pupils registered for first and second year work.

During the past two years we have had the ranks of many of the pupils who have had first and second year high school work in our home school. Have found nearly all are able to go on and do satisfactory work in the larger schools.

New books in algebra are needed for next year. Those in use are badly worn and we hope to get later books such as are being used in most schools.

The Lewis School pupils have been transported to the Keyes Corner School for the Fall and Winter terms. The schools together have only registered 13 pupils. It has been much better for the pupils to attend one school. Thanks are due the parents and others having pupils to send, who very generously gave us permission to close their school.

Last year you voted \$66 toward Health Work. For that you have received the following: 124 pupils were inspected for defective throats, breathing, teeth, hearing, vision and skin. 91 pupils had defects. 74 had defective teeth and 61 defective throats. Health talks were given and notices sent home. We hope that much good may come of this inspection and an appropriation may be made for a continuance of Health Work in town.

All of the schools are trying to get libraries of at least 25 books. We hope by doing this to increase the interest in good reading and also get credit from the State for a library in each school. Gifts of suitable books will be much appreciated.

The 8th and 9th grades have been supplied with Strayer-Upton arithmetics. This is considered to be one of the best of the recently published arithmetics. Teachers and pupils report they are finding the book interesting and practical. We hope to have all grades supplied by next Fall.

For several years the State has allowed us to defer building a sanitary toilet at the Plain's School. There are 17 pupils attending there and the outbuilding is in bad condition. The State expects us to build a toilet there during this next year.

As you probably know the last Legislature increased the school year from 30 to 32 weeks, so we are obliged to appropriate enough for 2 weeks more than usual. We have added \$300 to the amount voted last year as it costs us about \$150 per week.

This has been a pleasant and profitable year in our schools. We have received good cooperation from parents, citizens and teachers. This has helped us very much.

We are sorry to have to recommend more than usual but as we have explained to you in the foregoing paragraphs you will understand we are obliged to have these amounts or the deficit for next year will be very heavy.

The following appropriations are recommended:

Common schools .....	\$ 2,900 00
Textbooks and supplies .....	350 00
Transportation of high school pupils .....	225 00
High school and tuition .....	1,600 00
Repairs, insurance and Plains' Toilet .....	500 00

Respectfully submitted

BERTHA M. CHANEY,  
JOHN B. SKEHAN,  
School Committee.

LILA N. LEAVITT,  
Superintendent.

## Town Warrant

---

To W. E. Cunningham, a constable of Whitefield, in the  
County of Lincoln.

Greeting:—

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the Town of Whitefield, qualified by law to vote in town affairs, to meet at the town house in said town, on the third day of March, 1930, at ten o'clock in the forenoon to act on the following articles, to wit:—

ARTICLE 1. To choose a moderator to preside at said meeting.

ART. 2. To choose a clerk.

ART. 3. To hear and act on the report of the several town officers.

Art. 4. To elect selectmen, assessors and overseers of the poor.

Art. 5. To elect a treasurer.

Art. 6. To elect an auditor.

Art. 7. To elect one or more road commissioners.

Art. 8. To elect a collector of taxes.

Art. 9. To see what time the taxes of 1930 shall be paid in full.

Art. 10. To elect one or more members of the school committee.

Art. 11. To elect one or more fire wards.

Art. 12. To choose all other necessary town officers.

ART. 13. To see what sum of money the town will grant and raise for the support of common schools, for free high school, for repairs of school buildings, for text books and supplies, and for transportation of high school pupils for the ensuing year.

ART. 14. To see if the town will vote to raise money and what sum for the maintenance of improved highway during the ensuing year.

ART. 15. To see if the town will vote "yes" or "no" on the question of appropriating and raising money to entitle the town to state aid as provided in Sec. 19, Chap. 25 of the Revised Statutes of 1916.

ART. 16. To see what sum of money, if any, the town will vote to raise in accordance with the provisions of Chapter 154 of the Public Laws of 1917, as amended by Chapter 157 of the Public Laws of 1919 for the construction of a state aid road beginning at the south end of Westport and extending in a westerly direction to Westport-Wiscasset ferry; then to Plumstead Four Corners; thence in a general northerly direction via Birch Point road to state highway "D" near the residence of Richard Grover; thence following state highway "D"

Wiscasset village; thence over the new Sheepscot road, so called to the Alna town line; thence over the state aid road and special resolve road via. Head Tide, so called, to the Whitefield town line; thence over state aid road No. 2 in the town of Whitefield to state highway route "P" and continuing in a straight line north of state highway "P" to the Jefferson town line.

Art. 17. To see what sum of money the town will appropriate and raise for the improvement of the section of the state aid road as outlined in the report of the state highway commission, in addition to the amount regularly raised for the ways, highways and bridges under the provisions of Sec. 21, Chapter 25, R. S., amended Chap. 258, P. L. 1917.

## HIGH AND COMMON SCHOOLS REPORT

You all know we maintain a two year high school. This provides many with a chance to get at least two years more of school work, who would not be able to get it if we did not have a place for them to attend without any or very little expense. Also there are always some who become interested in the work and find some way to finish their high school education. It is quite a struggle for most parents to pay the board and other expenses through four years of high school. Not many parents like to send their boys and girls away so young for they know, except in private schools, they are not under the care of anyone after school hours.

Considering the school from the standpoint of expense to the town we find the total cost of maintaining it is much less than to pay the pupils' tuition for the first two years. The past two years we have had an average attendance of about 22. It would cost over \$2000. to provide for that number away, as in most of the schools the tuition is \$100. per year. For teacher, janitor, transportation and wood the cost is about \$1100 to \$1250, depending on the number who have to be transported.

As to the efficiency of our home school: Have checked the pupils' ranks in other schools and find nearly all do well in their third and fourth year work. Those who are capable and get good rank here can get it in the larger schools.

To make it fair to all the high school pupils we should make an allowance, equal to the cost of transportation on the train, to those who are obliged to room at Kings Mills.

We have purchased new algebras and general science books

this year and the school is now very well equipped with textbooks.

The "Lewis School" pupils have again been transported to the "Keyes Corner School." This has been possible because of the cooperation of the parents. It is a much better arrangement as it makes a more interesting school and we are able to hire a better teacher.

We have received very hearty cooperation from the State Department of Health. 165 pupils were examined and 69 home visits made. The check-up on corrections has not been completed but so far as they have checked found as follows: Vision 3, teeth 22, throat 8. One fifth of the pupils examined have had corrections and when the check-up is completed there will probably be more.

In the vicinity of the Northy schoolhouse there are several small children and next year either that school will have to be reopened or suitable transportation furnished. Will suggest you leave it in charge of the School Committee to do as seems best, as it is impossible to tell now what will be best for the pupils. There must be extra funds for that section and will include it in the recommendations.

The amount and quality of the work in the lower grades has been especially good this year — think the teachers have all been interested and tried very hard to give their pupils an excellent start in reading and to improve those already able to read some. It is quite surprising to note the number work and spelling accomplished in the first two grades. The older pupils too seem to be very interested and making very fair advancement.

The State Commissioner of Education has asked all superintendents to tell the voters the state school funds will be about 6% less next year. He said this was caused by the Legislature of 1929 placing a heavy tax upon the state school funds to provide appropriations for academies, increases in teachers' pensions and making teachers' retirement law compulsory. We are also asked to add the expected deficiency to the recommendations for appropriations, so as not to be short of funds next year.

The following appropriations are recommended:

Common schools.....	\$3300 00
Textbooks and supplies.....	350 00

Transportation of high school pupils . . . . .	300 00
High school and tuition . . . . .	1,650 00
Repairs and insurance . . . . .	350 00

Art. 21. To see if the town will vote to accept a private way from the driveway of A. B. McDonald to the driveway of the Gilman place, so called, as laid out by the selectmen.

Art. 22. To see if the town will grant and raise \$50. to be expended on the road from W. A. Potter's to Lewis Hanscom's.

Art. 23. To see if the town will raise \$103. toward the support of county public health nursing under the State Department of Health to continue work with mothers and children.

Art. 24. To see what sum of money the town will grant and raise for street lights in town.

Art. 25. To see what sum of money the town will grant and raise to be expended on the road from Perham brook, so called, to Geo. Huntington's.

Art. 26. To see if the town will grant and raise \$100, or more to be expended by the selectmen in attempting to secure the location of some industry in town.

Art. 27. To see if the town will vote to accept the list of jurors as prepared by the selectmen, treasurer and clerk.

Art. 28. To see if the town will grant and raise \$500. to be expended on the road extending from the end of special resolve road No. 2 toward Keyes Corner.

Art. 29. To see if the town will grant and raise \$75. to be expended on Grand Army Hill.

Art. 30. To see if the town will authorize the S. S. committee to open the Northey school if they think it advisable.

Art. 31. To see what sum of money the town will grant and raise to build a building to house the snow breaker and to locate same.

Art. 32. To see what sum of money the town will grant and raise to pay on the town debt.

Art. 33. To see if the town will vote to authorize the selectmen to hire money should the same become necessary.

Art. 34. To see if the town will vote to authorize the selectmen to sell the tax deeds in the hands of the treasurer.

Art. 35. To see what sum of money, if any, the town will vote to raise in accordance with the provisions of Section 26 to 32 inclusive of Chapter 28 of the Revised Statutes, for the construction of a state aid highway extending from the Alna town line on the Whitefield state aid designation to state highway "101"; over state highway "101" in Whitefield and Windsor to South Windsor; from South Windsor on Windsor state aid and third class designations to China town line; from China-Windsor town line on road leading by Erskine Academy to China state aid No. 1 on China state aid designation to state highway "137" at China Village.

Art. 36. To see what instructions the town will give the selectmen in regard to breaking snow.

Art. 37. To see if the town will grant and raise \$200. to be expended on the Rooney road

The selectmen will be in session at the town house in said Whitefield, at 9 o'clock in the forenoon, on the day of said meet-

ing for the purpose of correcting the list of voters in said town.

Hereof fail not and have you there and then this warrant with your doings thereon. Given under our hands in the Town of Whitefield, this sixteenth day of February, A. D., 1931.

Respectfully submitted,

## HIGH AND COMMON SCHOOLS REPORT

For the past three terms the registration in Whitefield High School has been from 20 to 29 pupils. At present we have 23. These pupils are interested, industrious and making good progress. In talking with the parents this year have found several who do not realize what is perhaps the strongest point of a small high school with an efficient teacher. The point is this: It is much easier for a pupil coming from the grades into high school to have one teacher for his four subjects, rather than one for each subject. The teacher coming into all day contact with the pupil and teaching him in all his subjects very quickly learns his characteristics and ability. The pupil also gets acquainted with his teacher. The pupil can be helped where he needs it and in a short time usually begins to get accustomed to the high school work and begins to improve.

I want to tell you again of the efficiency shown by the pupils who have attended our high school for two years and then at-

tended Cony, Gardiner or other schools. Please bear in mind that I have known the most of these pupils through all their schooldays, and the checks I've made are based on ranks and sometimes talk with the principal, too. Am very pleased with their ranks and assure you that even those who have just entered in September from our high school are already accomplishing as well as their abilities warrant.

For a long time we have often said, "It isn't fair to pay transportation to high school and let others who are obliged to room down there pay their own room rent." Still only a very few have had to room down there so the matter has drifted until this winter. For two years Mr. Mooney paid room rent for his two daughters and Mr. Boggs for his daughter. The room rent for these three was less than the transportation received by the others. These parents asked us to reimburse them for the room rent for the two years. We felt it was the only fair thing to do but before allowing it we asked the State Commissioner of Education if we could legally do so out of the appropriation for high transportation. He assured us this was legal and gave us the reference in the "School Laws" that covered it. After that the two bills were approved and paid. These bills totaled \$180. We felt sorry to overdraw the account so much but in justice to the parents we felt obliged to settle it.

We found the Northy School could be maintained for about the same cost as transportation to some other school. With at that time only primary pupils the parents said they would feel much better to have them nearby. The school was reopened in the fall and the first of the term we had eight pupils. Before the end of the fall term two families moved into that section and 14 pupils were registered this winter. The building was repaired as inexpensively as possible but was in bad condition and had to have quite a number of repairs to

make it suitable to occupy. To save the building more outside repairs are needed.

We have had some inquiries as to why we did not transport two pupils, who moved into the Lewis School section, to the Keyes Corner School. We would have been very glad to do this but already had six to transport and there wasn't room in the car for any more.

The cooperation between parents and teachers has been very helpful this year. Many friends have also helped and been very loyal to their nearby schools.

The teachers have all tried to make their schools successful and attractive and they have achieved good results. Both teachers and pupils have been active in securing improvements and needed material for their schools.

The following appropriations are recommended:

Common schools .....	\$ 3,400 00
Textbooks .....	350 00
Transportation of high school pupils .....	550 00
High school and tuition .....	1,800 00
Repairs and insurance .....	350 00

Respectfully submitted,

JOHN F. McLAIN,  
Mrs. GRACE K. EMERSON,  
ARTHUR F. McCURDY,

School Committee.

LILA N. LEAVITT, Superintendent.
